## Bathtub and Shower Wall Panel Systems

Swanstone solid surface means the color runs completely through with no surface coating to chip or crack. With a wide selection of colors from which to choose, Swanstone offers matching walls, floors and vanity tops. Panels fit through doorways, which makes Swanstone ideal for remodeling or new construction.

All specifications and drawings available at [swanstone.com](http://swanstone.com)

Swanstone wall panels are not only durable and impact resistant, they are available in sizes and colors to suit virtually any design opportunity. Panels will not promote bacteria and fungi growth and will not mold or mildew. Combine wall panels with trim kits, soap dish options, shower floors or vanity tops and bowls, and create a great looking shower or bath. Swanstone has the widest range of panel sizes to fit standard tub and shower floors. They can be applied over any existing surface and feature huge single, seamless back panels. Swanstone eliminates water, mold, mildew and grout problems.

DWP-9636WB	96" wide x 36" high	Wainscot Beadboard

- Many models available in kits
- Trim kits make it easy to accommodate out-of-plumb walls
- Five soap dish options from which to choose

# Tub and Shower Walls

## High-Gloss

Swanstone offers 3-, 5-, and 6-piece panel systems which are easily installed. These systems adjust to fit most standard tub and shower areas and are available in coordinated colors. The knock-down feature allows for easy handling in multi-story buildings. The high-quality, heavy-gauge molded panels are easy to clean and have a durability backed by a limited lifetime warranty. High-Gloss ultra-bright, gloss surface comes from a durable baked-on finish.

### Model TW-32

- Fits 29-32"D x 57-62"W tub area
- Five panel wall system
- Three shelves for generous storage space

**All specifications and drawings available at [swanstone.com](http://swanstone.com)**

Model TW-32

### Model RM-58

Swan High-Gloss tub wall kit.

- Fits 29 to 30"D x 60"W or smaller tub area
- 3-panel wall system
- Includes all materials needed for installation

### Model HA-58

Swan High-Gloss tub wall kit.

- Fits 30"D x 60"W or smaller tub area
- 3-panel wall system
- Meets ADA guidelines for soap dish height and grab bar installation

### Model SW-7060

Available in 3-, 5-, and 6- piece shower wall systems.

- Fits areas 30" to 36"D x 36" to 60"W x 70"H

# SwanTile

SwanTile has the elegant look of ceramic tile with no grout to clean. Compression molded from Veritek, SwanTile's surface coating will not chip or crack. SwanTile is available in 3- and 5-panel tub and shower wall panel systems. SwanTile is easy to install and maintain and makes an ideal choice for new construction and renovation projects, large or small. Panels will not promote bacteria and fungi growth and will not mold or mildew.

*Model TI-5* Five-panel unit designed to fit tub area 53" to 60" wide; 29" to 32" deep; panels are 59 5/8" high. Optional TI-55 extension kit (to ceiling) available.

*Model TI-3* Three-panel unit designed to fit tub area 53" to 60" wide; 29" to 30" deep; panels are 59 5/8" high. Optional TI-33 extension kit (to ceiling) available.

**Lifetime**  
LIMITED WARRANTY  
*Residential Use Only*

*Model TI-3*

## Veritek® Bathtubs and Bath & Shower Alcove Walls

### **Tub and Shower Alcove**

Made from Veritek, the wall systems nail directly to studs for a fast installation. The sturdy interlocking systems give the Alcove Walls a one-piece appearance. Panels easily fit through doorways.

### **Bathtub**

Available in both solid and granite colors, the natural gloss Veritek surface matches many Swanstone and Veritek wall systems. The generous 16" tub height is deeper than a standard bathtub.

*Model BA-3060 Bath Alcove*  
*Model BT-3060 L/R Bathtub (sold separately)*

*Model SA-3448*  
*Shower Alcove available in four sizes. Shower floor sold separately*

# Universal Design

## Swanstone is ADA Compliant

Swanstone's Barrier Free Shower Floor offers a separate ramp section to fit the existing floor height. The Swanstone walls and soap dishes do not interfere with the minimum distance required between the wall and inside grab bar.

### **Barrier Free Shower Floors - SBF-3060 and FBF-3060**

The Barrier Free shower floor and ramp from The Swan Corporation is compression molded using solid-surface, high impact resistant Swanstone (SBF-3060) or Veritek (FBF-3060). Meets January 1992 specifications of the Americans With Disabilities Act. Available in left or right drain.

### **Folding Shower Seat - BF-2300L (left) BF-2300R (right)**

Two seat styles will fit back wall or either side wall.

### **Grab Bar (six sizes and styles)**

Swan offers six sizes and styles of grab bar designs to accommodate both side wall and back wall seat applications.

**Shower Floor Ramp - BF-1260 and FBF-1260:** Special ramp eliminates the need to raise the height of the entire bathroom floor. Swanstone (BF-1260), Veritek (FBF-1260)

**Removable Threshold - BF-6000:** Helps retain water in the shower floor when barrier free is not required.

### **Flexible Threshold - BF-FT**

Helps retain water in the shower floor for both barrier free and non-barrier free applications.

**All specifications and drawings available  
at [swanstone.com](http://swanstone.com)**

**Lifetime**  
LIMITED  
WARRANTY  
*Residential Use Only*

## **Transfer Shower Floors STS-3738 and FTS-3738**

- Complies with guidelines set forth by the January, 1992 Americans With Disabilities Act
- Provides a 36" w x 36" d interior shower area
- 1/2" curb
- Available in both Swanstone (STS-3738) solid surface and Veritek (FTS-3738)
- Grab bar and folding shower seat are available to complete this ADA package

# Swanstone Vanity Tops and Bowls

Swanstone solid surface means color and texture run all the way through and cannot wear away. There is no surface gel-coating to chip, crack or craze. Acetone will not etch, hot curling irons will not burn and make-up and hair-dyes will not stain.

# Solid Surface and Veritek Shower Floors

Swanstone and Veritek shower floors are molded from our exclusive molding compounds with a slip resistant, large pebble design surface. These products are lighter, yet stronger, than other molded type floors. Swanstone and Veritek shower floors meet most fire code and building code approvals, certified HUD-UM73, and approved under ANSI-Z124.1.2. Most shower floors are available in the following sizes:

**New Fit-Flo™**  
Molded-in drain for all Swanstone and Veritek shower floors.

- Saves Time
- Saves Money
- More Design Options

## Laundry Tubs

We make our laundry tubs from durable fiberglass and high strength resins. And thanks to the hard, non-porous surface, they're also easy to clean.

## Mop Service Sinks

Our mop service sink is made of compression-molded stone composite, making it the highest quality mop service sink available on the market.
