Refined tastes

The GE Monogram Collection™ opens up a world of palatable possibilities for your kitchen and home.

With three distinct styles—professional, integrated and custom-panel—and seemingly endless options for customization, only Monogram offers something exquisite to suit every taste.
Like a recipe that has been perfected over generations, the Monogram collection of professional rangetops and dual-fuel ranges is the culmination of a 100-year tradition of GE cooking-product innovation. This rich and unparalleled legacy, combined with six years of intensive research and development, makes this new collection the choice for restaurant-caliber cooking performance in the home.
36" dual-fuel ranges and rangetops

ZDP364NRPSS (natural gas)
ZDP364LRPSS (liquid propane)
36" dual-fuel professional range with four gas burners and a grill
Dimensions: 35-7/8" W x 35-1/4"–36-3/4" H x 28-1/4" D

ZGU364NRPSS (natural gas)
ZGU364LRPSS (liquid propane)
36" professional rangetop with four gas burners and a grill
Dimensions: 35-7/8" W x 8-1/2" H x 27-1/2" D

ZDP364NDPSS (natural gas)
ZDP364LDPSS (liquid propane)
36" dual-fuel professional range with four gas burners and a griddle
Dimensions: 35-7/8" W x 35-1/4"–36-3/4" H x 28-1/4" D

ZGU364NDPSS (natural gas)
ZGU364LDPSS (liquid propane)
36" professional rangetop with four gas burners and a griddle
Dimensions: 35-7/8" W x 8-1/2" H x 27-1/2" D

ZDP36N6HSS (natural gas)
ZDP36L6HSS (liquid propane)
36" professional cooktop with six gas burners
Dimensions: 35-7/8" W x 35-1/4"–36-3/4" H x 28-1/4" D

ZGU36N6HSS (natural gas)
ZGU36L6HSS (liquid propane)
36" professional cooktop with six gas burners
Dimensions: 35-7/8" W x 35-1/4"–36-3/4" H x 28-1/4" D

30" dual-fuel range

ZDP304NPSS (natural gas)
ZDP304LPSS (liquid propane)
30" dual-fuel professional range with four gas burners
Dimensions: 29-7/8" W x 35-1/4"–36-3/4" H x 28-1/4" D

Backsplash options

ZXADJB48PSS (shown)
ZXADJB36PSS
ZXADJB30PSS
30"–36" adjustable-height backsplash with warming shelf

ZX12B48PSS (shown)
ZX12B36PSS
ZX12B30PSS
12" backsplash

Accessories included

Depending on the model and space requirements, the toekick, power cord, grill and griddle covers, bamboo cutting board, island vent trim and other accessories are included—not offered a la carte.

All models come equipped for island or noncombustible wall installations. Optional fixed (12") or adjustable-height (30"–36") backsplashes are available. The adjustable-height backsplash comes with a slotted shelf/warming rack and is designed to fill the space between the range and the hood.

**Gas, induction and electric cooktops**

From dabblers to devotees of gourmet cooking, Monogram® offers a stunning cooktop to satisfy every culinary inclination. Gas models provide precise control over a full spectrum of heat settings. Electric cooktops also provide an impressive range of cooking power, along with an array of convenient extras.

---

**Gas cooktops**

![Gas cooktop image]

**Gas cooktop general features**

Sealed, dual-flame stacked burners provide complete low-simmer-to-rapid-boil flexibility (140°F simmer to 18,000 BTUs*). The burners are sealed to the recessed cooktop for easy cleaning.

Hand-finished, stainless steel knob controls rotate with smooth precision. A red indicator light in each knob makes it easy to view and select heat settings.

Interlocking, continuous grates create a steady surface for cookware, and are integrated into the cooktop for a clean, finished appearance.

Sophisticated design. Angled and hand-finished to perfection, a Monogram stainless steel gas cooktop brings an incomparable mix of edge and elegance to the kitchen.

High-output cooking power. Intense heat ideal for searing and boiling is delivered by an 18,000-BTU* burner, featured on both 36” and 30” cooktops.

Silent, precise simmering. The simmer flame delivers a consistent 140°F temperature, without cycling on and off. No simmer plate required.

Electronic ignition with auto reignition. Instant ignition system ensures a continuous flame and reignites automatically if accidentally extinguished.

---

**Stainless steel gas cooktop general features**

ZGU385NSMSS (natural gas)
ZGU385LSMSS (liquid propane)
36” stainless steel gas cooktop
Dimensions: 36-3/4” W x 3-3/4” H x 21-3/16” D

---

**Gas on glass cooktop general features**

Five sealed burners deliver precise heat with more than 47,000 BTUs* of total cooking power.

Interlocking continuous grates allow easy movement of pots and pans from one burner to another. Each can be removed for safe cleaning in the dishwasher.

Sophisticated design. The front edge is slightly curved to form an attractive, soft arc that complements other Monogram appliances. Soft-touch control knobs enhance the overall appearance and allow easy adjustment of heat settings.

Precise, versatile temperature control. Five burners provide a range of heat intensities: one 15,000-BTU* burner, one 11,000-BTU* burner, one 9100-BTU* burner and two 6000-BTU* burners.

---

*Natural gas*

monogram.com/sweets
Induction and electric cooktops

**Induction cooktops general features**

**Induction technology.** Induction elements use electricity to produce a magnetic field that reacts with the iron in metal cookware—including cast iron and magnetic stainless steel pans—and transfers the heat directly to the cookware itself.

**Sophisticated styling with a choice of two color options.** Stainless steel-framed models have a reflective metallic finish that captures light and colors inside the kitchen. Black models are smooth from edge to edge, making them easy to clean. Digital controls embedded in the cooktop offer added style and convenience.

**Flexible installation.** Installation above a Monogram single oven is made possible by shallow-depth configuration with integrated cooling system.

**Digital electronic cooktops general features**

**Dual elements.** Designed to accommodate small to large pan sizes, these elements reduce energy loss and optimize cooking performance.

**Pan size and presence sensors.** Each dual element has an intuitive sensor that selects either a small or large element, depending on the size of the pan. If the pan is removed for more than a minute, the sensor will automatically shut off the element.

**Full-function warmer.** Positioned at center on 36” models and right rear on 30” models, the convenient warmer offers three warm settings, in addition to the 11 standard heat settings.

**Electric cooktop features**

**Sophisticated styling.** The flush, frameless design offers a stunning look of sleek simplicity, and the surface is completely solid for a dramatic “true black” appearance.

**Expandable elements.** Triple-ring and bridge elements allow you to create larger heating zones to match your cooking needs.

**Cooking performance.** Responsive ribbon elements allow you to simmer and sauté precisely. An infinite range of heat settings leaves plenty of room for improvisation.
Ventilation hoods

Monogram® ventilation systems offer an ideal combination of modern sophistication and innovation. The distinctive lines make an impressive statement in any décor, and different levels of ventilation provide effective power for any cooking occasion.

Chimney hoods

**ZV1050SFSS** 42” island stainless steel dual-blower hood, 1080 CFM (finished on all sides)
Dimensions: 42” W x 10” H x 31-1/2” D

**ZV9505DSS** 36” wall-mounted stainless steel dual-blower hood, 700 CFM (finished on three sides only)
Dimensions: 35-5/8” W x 10” H x 25” D
Optional 9’-10’ ceiling recirculation kits available.

**ZV850SB** 36” island stainless steel hood, 360 CFM (finished on all sides)
Dimensions: 35-3/8” W x 8-1/4” H x 27-1/2” D

**ZV750SY** 36” wall-mounted stainless steel hood, 360 CFM (finished on three sides only)
Dimensions: 34-5/8” W x 8-1/4” H x 21-5/8”
Optional 8’-10’ ceiling recirculation kits available.

**ZV800SJS** 36” wall-mounted stainless steel hood with retractable glass canopy, 500 CFM (under-cabinet or stand-alone installation)

**ZV800BJB** 36” wall-mounted black hood with retractable glass canopy, 500 CFM (under-cabinet or stand-alone installation)
Dimensions: 36” W x 1-1/2” H x 13-11/16” D
Ceiling recirculation kit included.

**ZV925SSLSS** 36” island glass canopy hood, 570 CFM
Dimensions: 35-7/8” W x 3-1/4” H x 27-9/16” D

**ZV900SLS** 36” wall-mounted glass canopy hood, 570 CFM
Dimensions: 35-7/8” W x 3-1/4” H x 20-7/16” D
Not including duct work and covers.

**ZV850SB** 36” island stainless steel hood, 1080 CFM (finished on all sides)
Dimensions: 35-3/8” W x 8-1/4” H x 27-1/2” D

**ZV750SY** 36” wall-mounted stainless steel hood, 360 CFM (finished on three sides only)
Dimensions: 34-5/8” W x 8-1/4” H x 21-5/8”
Optional 8’-10’ ceiling recirculation kits available.

**ZV925SSLSS** 36” island glass canopy hood, 570 CFM
Dimensions: 35-7/8” W x 3-1/4” H x 27-9/16” D

**ZV900SLS** 36” wall-mounted glass canopy hood, 570 CFM
Dimensions: 35-7/8” W x 3-1/4” H x 20-7/16” D
Not including duct work and covers.

Chimney hoods general features

**Stainless steel design** with graceful contours and lines creates a distinct appearance that enhances any kitchen.

**Halogen lights** offer varying levels of intensity, from accent to ambient, to meet different needs.

**Variable speed blower** provides the power necessary to capture smoke and fumes produced by high-performance cooking equipment.

**Removable stainless steel filters** can be easily detached from the hood for safe cleaning in your dishwasher.
Professional hoods

These models include 22" stainless steel backsplash and warming shelf.

ZV48RSFSS 48" professional restaurant-style hood (shown), 1200 CFM
Dimensions: 48" W x 22-1/2" H x 25" D
ZV36RSFSS 36" professional restaurant-style hood, 640 CFM
Dimensions: 36" W x 22-1/2" H x 25" D
ZV30RSFSS 30" professional restaurant-style hood, 640 CFM
Dimensions: 30" W x 22-1/2" H x 25" D

ZV48TSFSS 48" professional tapered-sided hood (shown), 1200 CFM
Dimensions: 48" W x 18" H x 25" D
ZV36TSFSS 36" professional tapered-sided hood, 640 CFM
Dimensions: 36" W x 18" H x 25" D
ZV30TSFSS 30" professional tapered-sided hood, 640 CFM
Dimensions: 30" W x 18" H x 25" D

ZV48SSFSS 48" professional straight-sided hood (shown), 1200 CFM
Dimensions: 48" W x 18" H x 25" D
ZV36SSFSS 36" professional straight-sided hood, 640 CFM
Dimensions: 36" W x 18" H x 25" D
ZV30SSFSS 30" professional straight-sided hood, 640 CFM
Dimensions: 30" W x 18" H x 25" D

ZV54ISHSS 54" professional island hood (shown), 1200 CFM
Dimensions: 54" W x 24" H x 36-1/4" D
ZV42ISHSS 42" professional island hood, 1200 CFM
Dimensions: 42" W x 20" H x 31-3/4" D

Professional hoods general features

Stainless steel design offers a smooth and polished appearance, with almost no evidence of seams or screws.

Powerful ventilation helps keep your kitchen free of fumes and excess heat.

Infrared warming lamps cast a warm glow over the cooktop surface, while generating the heat necessary to keep baked goods at ready-to-serve temperatures.

Halogen task lighting illuminates the cooking surface below and can be adjusted to complement the dining occasion.

Removable stainless steel filters trap airborne grease particles, and can be easily removed for safe cleaning in your dishwasher.

Telescopic downdraft vents

ZVB36ISHSS 36" stainless steel telescopic downdraft vent, 500 CFM
Dimensions: 36" W x 8-1/2" H x 2-1/4" D
ZVB30ISHSS 30" stainless steel telescopic downdraft vent, 500 CFM
Dimensions: 30" W x 8-1/2" H x 2-1/4" D

ZVB36BHB 36" black telescopic downdraft vent, 500 CFM
Dimensions: 36" W x 8-1/2" H x 2-1/4" D
ZVB30BHB 30" black telescopic downdraft vent, 500 CFM
Dimensions: 30" W x 8-1/2" H x 2-1/4" D

Telescopic downdraft vents feature

Powerful ventilation. Stainless steel vent "telescopes" 8-1/2 inches above the cooktop when you cook, then retracts nearly flush to the surface. A variable-speed fan blower exhausts the air at a rate of 500 CFM.

Custom hood inserts

ZVC48LSS 48" stainless steel custom hood insert (shown), 1200 CFM
Dimensions: 46-1/2" W x 18" H x 21-1/4" D
ZVC42LSS 42" stainless steel custom hood insert, 1200 CFM
Dimensions: 40-1/2" W x 18" H x 21-1/4" D

ZVC36LSS 36" stainless steel custom hood insert (shown), 640 CFM
Dimensions: 34-1/2" W x 18" H x 21-1/4" D
ZVC30LSS 30" stainless steel custom hood insert, 640 CFM
Dimensions: 28-1/2" W x 18" H x 21-1/4" D

Custom hood inserts general features

Patented installation process. Allows an easy and secure connection with the ventilation duct from within the unit, without any modification to the exterior canopy.

Control panel with remote-mount option. Provides additional design flexibility. At the time of installation, the panel can be detached from the insert for mounting on a wall, countertop or other location. When positioned onboard, the panel is angled downward to allow easy adjustment of ventilation and light settings.

Single- and dual-blower ventilation. With variable speed fan exhausts air at a rate of 640 and 1200 cubic feet per minute, making the inserts compatible with high-performance cooking appliances.

Complete with blower, liner and filters. So there’s no need to order any additional components or accessory kits. Stainless steel mesh filters fit securely and lift out easily for safe cleaning in your dishwasher. Inserts compatible with high-performance cooking appliances.

If cooking is a fine art, then Monogram® convection wall ovens are its highest expression. Sleek, architectural lines and chamfered edges offer a look of polished refinement.

Culinary artistry extends to performance, as well. Electronic and professional-style models deliver convection cooking by means of a reverse-air system, which uses an innovative bidirectional fan to promote even heat circulation for consistent cooking results.

Integrated convection wall ovens with electronic dial controls

- **ZET2SMSS** 30” stainless steel integrated double oven
  - Dimensions: 29-3/4” W x 52-7/8” H x 23-1/2” D

- **ZET1SMSS** 30” stainless steel integrated single oven
  - Dimensions: 29-3/4” W x 28-1/4” H x 23-1/2” D

**Integrated styling.** Smooth, seamless exterior with tubular handle, electronic dial controls and expansive viewing window makes an unmistakable statement of quality and refinement.

Integrated convection wall ovens with LCD touchscreen controls

- **ZET2RMSS** 30” stainless steel integrated double oven
  - Dimensions: 29-3/4” W x 52-7/8” H x 23-1/2” D

- **ZET1RMSS** 30” stainless steel integrated single oven
  - Dimensions: 29-3/4” W x 28-1/4” H x 23-1/2” D

**Integrated styling.** Seamless, hand-finished design with LCD touchscreen controls offers an ideal combination of clean styling and ease of operation. The control has a proximity sensor that illuminates the screen as soon as you approach and automatically switches off when you walk away.

Professional convection wall ovens with electronic dial controls

- **ZET2PMS stainless steel professional double oven**
  - Dimensions: 29-3/4” W x 52-7/8” H x 23-1/2” D

- **ZET1PMS stainless steel professional single oven**
  - Dimensions: 29-3/4” W x 28-1/4” H x 23-1/2” D

**Professional styling.** Sculptural lines, chamfered edges and electronic dial controls of die-cast metal give depth and dimension to the premium-grade stainless steel surface.

Integrated convection wall ovens with electronic dial controls general features

- **Exclusive self-clean, full-extension oven racks** glide in and out on stainless steel ball bearings for easy access. The adjustable, heavy-duty racks with porcelain coating are designed to remain in the oven during the self-clean cycle.
- **Halogen light columns** on both sides of the oven enhance visibility, providing a clear view of food regardless of rack position.
- **Reverse-Air convection system** uses dedicated elements and a bidirectional fan to provide consistent temperature throughout the oven.
- **Six-element design**—two bake, two broil and two convection—provides precise cooking control, with fast preheating.
- **4.4-cu.-ft. total capacity** accommodates even the largest meals, and true hidden bake elements add flexibility by allowing easy ash removal after the self-clean cycle.

Electronic convection wall oven general features

Sophisticated styling. Seamless, hand-finished doors and smooth controls offer a look of modern refinement.

Electronic glass touch controls. A gentle touch allows you to easily select the desired cooking function: convection bake or roast, variable or closed-door broiling, 24-hour delay bake, warm mode or proof mode.

Reverse-Air convection. A bidirectional fan delivers exceptionally consistent cooking performance, allowing heated air to circulate on all sides of food.

Self-clean racks. Porcelain-coated racks are designed to be left in the oven during the self-clean cycle for effortless cleaning.

Halogen lighting. Two halogen lights illuminate your culinary work in progress, putting it into bright, clear perspective.

Concealed bake element. A smooth surface simplifies ash removal after the self-clean cycle.

Certified Sabbath mode—all Monogram® wall ovens
When time is of the essence, Monogram® built-in Speedcook ovens give you the time—and technology—you need to rise to the culinary occasion. Using the power of intense halogen light, Advantium® ovens do what no other oven has done before—deliver delicious results in minutes. Trivection technology combines a trio of heating methods to transform everyday cooking. Thermal, convection and microwave processes work in concert to quickly roast, bake and broil foods to delicious perfection.

Integrated wall ovens with Trivection® technology

A trio of heating methods—thermal heating, Reverse-Air convection and microwave energy. Foods are prepared to delectable perfection—an average up to five times faster than a conventional oven.

Integrated wall ovens with Trivection technology general features

Sleek, integrated design provides a striking look with clean lines and smooth, glass-touch controls. In addition to award-winning Trivection technology, these ovens offer several other cooking methods and modes: baking, broiling, roasting and true convection, as well as 24-hour delay bake, warm mode and proof mode.

Full-size oven capacity. The spacious oven interior makes room for foods ranging from large roasts to rich, multi-tiered cakes and everything in between.

Electronic, touch-activated controls. Standard recipe temperatures and cooking times are automatically converted to proper Trivection settings.

Halogen lighting. Two halogen lights illuminate your culinary work in progress.

Wall ovens with Advantium Speedcook technology

Integrated

ZSC2201NSS stainless built-in oven with Advantium Speedcook technology
Dimensions: 29-3/4" W x 19" H x 21-1/2" D

ZSC2200NBB black built-in oven with Advantium Speedcook technology

Wall ovens with Advantium Speedcook technology general features

Four powerful ovens in one. More powerful than ever before, new Monogram Advantium ovens offer four distinct cooking modes—Speedcook, true European convection, sensor microwave and warming.

Speedcook technology. High-intensity halogen light combined with ceramic and radiant heating elements rapidly cook the outside of foods, sealing in natural juices. At the same time, microwave energy works to evenly cook the inside. No preheating required.

Spacious interior. Large 1.7-cu.-ft. oven cavity with 16" turntable easily accommodates roasts or 9" x 13" casserole dishes, and a removable rack allows for multi-level convection baking.

Easy-to-use controls. The control dial smoothly turns in both directions, making it easy to select from more than 175 preprogrammed recipes. For added convenience, Demo and Help programs guide you through the simple process of choosing a programmed recipe or customizing your own

Optional storage drawer, ZX2201NSS. For integrated models, this drawer keeps extra trays within easy reach.

Wall ovens with Advantium 120 Speedcook technology

ZSC1001KSS stainless steel, built-in oven with Advantium 120 Speedcook technology
29-3/4" W x 18-5/8" H x 21-1/2" D with trim.

ZSC1000KB black, built-in oven with Advantium 120 Speedcook technology

Wall ovens with Advantium 120 Speedcook technology general features

Four powerful ovens in one. Multiple cooking modes—Speedcook, true European convection, sensor microwave and warming—allow you to bake, broil, brown, roast, warm and proof foods.

Speedcook technology. Halogen-light system speedcooks your favorite foods to delicious perfection—in minutes, with no preheating required.

Powerful performance. Oven-quality foods cook up to four times faster than a conventional oven, with no preheating required.

Spacious interior. 1.6-cu.ft., rounded oven cavity and 16" turntable allow full and continual rotation of a 9" x 13" casserole dish. Removable oven rack offers the convenience of multi-level cooking.

Sophisticated styling. Clean lines offer a stylish, modern look that coordinates beautifully with other Monogram built-in cooking products.

Installation flexibility. Ovens can be installed in a 27" or 30" wall cabinet (with included trim kit).

Warming drawers

27" dimensions: 26-3/4" W x 10-1/2" H x 23-1/4" D

Warming drawer general features

Sophisticated styling. Built-in design with hidden controls offers a look of understated elegance. For a personal statement, customize the drawer with a cabinet-compatible wood panel and your choice of handles.

Temperature settings. Monogram warming drawers offer a range of temperature options, from a proof setting (approximately 75°F) to a high setting (approximately 230°F).

Humidity control. By opening or closing the warming drawer vent, you can keep foods crisp or maintain moisture.
Built-in refrigerators

Monogram® built-in side-by-side refrigerators have always made an exquisite statement of beauty and craftsmanship, but our newest collection demonstrates that what's inside can be equally outstanding. Every model—including custom, integrated and professional styles in 48", 42" and 36" configurations—has been redesigned with brighter lighting and more usable interior space.

**Built-in side-by-side refrigerators**

**Integrated**

*Sleek stainless appearance.* Heavy-gauge 304 stainless steel extends completely across the doors, wrapping beautifully around the edges. Long, slim tubular handles enhance the overall look and feel.

Side-by-side refrigerators general features

Climate-control drawer chills beverages in minutes, thaws meats in hours and helps preserve a variety of fresh foods.
Direct airflow allows independent cooling of the generously sized fresh-food and freezer compartments.
Halogen-light columns extend the full length of the interior cabinet providing illumination to every shelf and drawer.
Drop-down shelf provides additional space for a casserole dish or pizza box.
Dispenser with proximity sensor lights up as you approach and automatically switches off when you walk away.

As an ENERGY STAR partner, GE has determined that all Monogram side-by-side dispenser refrigerators meet the ENERGY STAR guidelines for energy efficiency.

Optional kit, ZSAB1, allows Monogram side-by-side refrigerators to convert to Sabbath mode.
Craftsmanship is a hallmark of the Monogram Collection™, and this is perfectly evidenced in the exquisite quality and artistry of Monogram® built-in bottom-freezer refrigerators. Available in stainless steel, custom and professional designs, these refrigerators are the perfect choice for homes with a fresh-food focus.

Equally captivating is the new French-door, two-drawer refrigerator, which freshly reinterprets the classic armoire configuration. For a full array of custom options inside and out, choose an all-refrigerator and all-freezer with cabinet-compatible panels and door handles. The possibilities are endless.

**Bottom-freezer general features**

- **Advanced temperature management system** with upfront electronic controls delivers cool, fresh air to every shelf and door bin.
- **Humidity-controlled vegetable compartments and sealed snack pans** help maximize food freshness.
- **Split and adjustable shelves** allow convenient access to contents in the fresh-food compartment.
- **Large, full-extension freezer drawer** has an automatic icemaker with GE water filtration, as well as storage bins that slide out independently of one another for easy loading and unloading.
- **Adjustable, gallon-size door bins** provide room for milk containers and two-liter bottles.

As an ENERGY STAR partner, GE has determined that all 36" Monogram bottom-freezer refrigerators, all-refrigerator and all-freezer models meet the ENERGY STAR guidelines for energy efficiency.

Optional kit, ZSAB1, allows Monogram bottom-freezer refrigerators to convert to Sabbath mode.

**All-refrigerator and all-freezer general features**

**Fresh food drawers.** Glide open smoothly, providing convenient access to contents. All drawers can be removed for easy cleaning.

**Slimmer, digital control panel.** Frees up space on the top shelf, making room for tall bottles and containers.

**New ice drawer.** In the freezer makes it easier for everyone in the family to stay refreshed throughout the day.

**Enhanced temperature-management system.** With precise electronic controls and thermistors maintains ideal storage conditions for fresh and frozen foods.

**Versatile configuration.** Allows models to be built into cabinetry, without the need for additional trim kits. Depending on your space and lifestyle needs, models can be installed individually or alongside one another.

**Additional features**

**Allover stainless appearance.** At once dramatic and restrained, Monogram® stainless steel-wrapped refrigerators are smooth from edge to edge, with no exposed screws or rivets. The counter-depth design aligns nearly flush with surrounding cabinetry.

**Precise temperature management.** A dual-evaporator system with multi-shelf air tower helps maximize food freshness throughout the fresh-food and freezer compartments.

**Flexible storage.** In the fresh-food compartment, adjustable shelves and door bins offer quick and easy access to contents. Full-extension freezer baskets enhance storage convenience.
Compact, convenient and remarkably versatile, Monogram® refrigeration modules set the stage for luxurious living and entertaining. In dining room, kitchen or at the center of your social occasions, these appliances provide refreshing access to foods and beverages of all types and sizes.

Most models give you the option of a stainless steel or custom wood-paneled appearance, and all are designed to fit the same opening as a standard dishwasher.

**Wine reserves**

ZDWT240PBS Wine reserve with privacy glass  
ZDWR240PBS Wine reserve with digital control  
ZDWI240WII Custom panel wine reserve with digital control  
ZDWC240NBS Wine chiller with dial control

**Privacy glass.** Innovative liquid-crystal technology allows you to turn glass from translucent to transparent with a simple press of a button. Opaque setting conceals contents from view.

**Temperature control.** Digital touch controls allow you to select precise temperature settings, which are essential for proper wine storage.

**Storage convenience.** Full-extension sliding racks store up to 57 wine bottles and keep them close at hand.

**Flexible installation.** The free-standing wine reserve may be built into cabinetry, and the door swing is easily reversed as needed.

**Beverage center**

ZDBT240PBS Beverage center with privacy glass  
ZDBR240PBS Beverage center with digital control  
ZDBI240WII Custom panel beverage center with digital controls  
ZDBC240NBS Beverage center with dial control

**Privacy glass.** Innovative liquid-crystal technology allows you to turn glass from translucent to transparent with a simple press of a button. Opaque setting conceals contents from view.

**Temperature control.** Digital touch controls provide precise temperature settings for cooling of all types of beverages.

**Storage convenience.** Three removable glass shelves, including a QuickSpace™ shelf, and two full-extension wine racks hold up to 10 wine bottles, as well as 12-ounce cans, quart-size bottles, and two-liter plastic containers.

**Flexible installation.** The free-standing beverage center may be built into cabinetry, and the door swing is easily reversed as needed.

Double-drawer refrigerator

- **ZIDS240PSS**: Stainless steel
- **ZIDI240PPII**: With stainless professional panel ZKD P240
- **ZIDI240PII**: Custom panel

**Temperature control.** Digital touch controls maintain a consistent temperature for the upper and lower drawers, and an LED display allows you to monitor the temperature at a glance.

**Storage convenience.** A fold-down shelf, adjustable dividers and removable bottom-drawer bin maximize storage space and flexibility, allowing room for whole melons or large turkeys. The top drawer can hold up to 72 twelve-ounce cans, and the bottom drawer has room for eight two-liter bottles.

**Interior lighting.** Brilliant full-width LED lighting in both drawers puts contents into clear view.

**Flush installation.** The built-in configuration allows seamless integration with surrounding cabinetry. Model ZIDI240PPII accepts custom 3/4" panel and handle for a personalized look. For kitchens with a gourmet focus, a new professional stainless steel panel, ZKD P240, is available.

Dimensions: 23-3/4” W x 34-1/4”–34-3/4” H x 23-3/4” D

Outdoor/Indoor refrigerator

- **ZDOD240PSS**: stainless steel, right-hinged door
- **ZDOD240PLSS**: stainless steel, left-hinged door
- **ZDOD240PPII**: Custom panel, right-hinged door
- **ZDOD240PLII**: Custom panel, left-hinged door

**Outdoor design.** Sturdy, professional-grade stainless steel exterior stands up to the most demanding environmental conditions.

**Temperature control.** Digital touch controls maintain a proper climate for food preservation when outdoor temperatures range between 45°F and 120°F.

**Storage convenience.** Adjustable shelves and beverage racks allow flexible storage of fresh foods, drinks and condiments.

**Door lock.** Helps prevent unwanted access, ensuring the door remains closed.

**Flexible installation.** Finished on all sides in stainless steel, the outdoor/indoor refrigerator allows a wide range of installation possibilities outside and inside your home. For added flexibility, the top panel can be easily removed to allow built-in installation.

Dimensions: 23-3/4” W x 34-1/4”–34-3/4” H x 23-3/4” D
Fully integrated dishwashers

Like exquisitely crafted flatware or pristine bone china, new Monogram® dishwashers artfully demonstrate the beauty in utility. Whether it’s a full-size dishwasher or a smaller model ideal for a bar area or galley kitchen, you’ll have an appliance that blends seamlessly with your décor and life.

**Fully integrated dishwashers with bulk dispense and xenon lighting**

- **ZBD8920PS** Bulk-dispense stainless steel dishwasher with xenon lighting and steam prewash
  - Dimensions: 24” W x 34–35” H x 24” D

- **ZBD8900PII** Bulk-dispense stainless steel dishwasher with xenon lighting, steam prewash, and custom wood panel and handle (which can be ordered from your cabinetmaker)
  - Dimensions: 24” W x 34–35” H x 24-3/4” D with panel

- **ZPR00700S** Stainless professional panel for use with models ZBD8900PII and ZBD6900PII

**Fully integrated dishwashers**

- **ZBD7920PS** Stainless steel dishwasher with xenon lighting
  - Dimensions: 24” W x 34–35” H x 24” D

- **ZBD6920PS** Stainless steel dishwasher

- **ZBD6910PBB** Black dishwasher

- **ZBD6900PII** Dishwasher with custom wood panel and handle (which can be ordered from your cabinetmaker)
  - Dimensions: 24” W x 34–35” H x 24-3/4” D with panel

**Fully integrated dishwashers general features**

- **New wash system** with multi-angle jets sprays and a high-heat steam option virtually eliminates the need for pre-rinsing.

- **Bulk-dispense technology** holds an entire 47-oz. bottle of detergent, releasing the right amount throughout the wash cycle based on water hardness and soil level.

- **High-intensity xenon lights** illuminate the entire interior, leaving no question as to whether or not dishes have been cleaned.

- **Quiet operation (48 dBA)** is made possible by advance sound-absorbing materials and a smooth-running motor.

**Icemakers and compactors**

When the need arises for an ample supply of ice, a Monogram icemaker responds beautifully. A Monogram compactor also meets large demands in a small space, making cleanup simple.

monogram.com/sweets
18" dishwasher

Flush installation. Allows the dishwasher to align with surrounding cabinetry.

Hidden, integrated electronic controls. Allow easy activation of wash cycles: heavy wash, normal wash, light wash, china and rinse only.

Pearlescent gray, nylon-coated racks. Provide plenty of space and loading flexibility. The lower rack includes a StemSafe™ feature for odd-shaped items and delicate stemware.

Five-level wash system. Provides effective, yet quiet, cleaning power.

Icemakers

High production, large capacity. The icemaker produces up to 50 pounds of clear ice per day and automatically shuts off when the 25-pound-capacity bin is full.

Customization. The 15” icemaker door accepts a 3/4” custom panel to match surrounding cabinetry. You can also add your own custom handle.

Compactors

Fifteen-inch width. Fully integrated design with hidden controls, install flush with surrounding cabinetry.

Powerful pressure. Large 1.4-cu.-ft. capacity. Reduces trash volume by 80 percent, allowing easy transport and disposal.

Customization. For stainless steel model, order ZCGS150PSS. Model ZCGP150PII accommodates a 3/4” overlay panel and a custom handle.
Professional outdoor grills

The joy of outdoor cooking turns into pure exhilaration with a new Monogram® professional grill. Choose from free-standing and built-in gas configurations in a range of sizes, all designed with the same exceptional quality and attention to detail that distinguish Monogram professional appliances for the kitchen.

Built-in grills

- **ZGG540NBPS (natural gas)**
  - 54" built-in grill with three burners, one sear burner and two rotisserie burners
  - Dimensions: 53-7/8" W x 26" H x 27" D

- **ZGG420NBPS (natural gas)**
  - 42" built-in grill with two grill burners, one sear burner and one rotisserie burner
  - Dimensions: 41-7/8" W x 26" H x 27" D

Free-standing grills

- **ZGG540NCPS (natural gas)**
  - 54" free-standing grill with three burners, one sear burner and two rotisserie burners
  - Dimensions: 53-7/8" W x 51" H x 27" D

- **ZGG420NCPS (natural gas)**
  - 42" free-standing grill with two grill burners, one sear burner and one rotisserie burner
  - Dimensions: 41-7/8" W x 51" H x 27" D

For faxable product features, dimensions and specifications on demand, call QuickSpecs at 800.432.3729.

Thoughtful storage areas. On free-standing models allow you to easily organize and compartmentalize grill accessories, such as the spit rod, claws, smoker box and other supplies.

Dual-burner cooktop

- **ZGU122NPSS (natural gas)**
  - Dual-burner cooktop
  - Dimensions: 13" W x 11" H x 26-1/2" D

- **ZGU122LPS (liquid propane)**
  - Dual-burner cooktop
  - Dimensions: 13" W x 11" H x 26-1/2" D

Side burners. A pair of 15,000-BTU sealed side burners offers additional space for preparing pasta or boiling water. The burner grates are uniquely contoured on one side to hold woks.
