Commercial Sunroom Products • Your Vision... Our Expertise... Since 1966!

The Commercial Division Of Patio Enclosures, Inc.

Perkins Restaurant • Ohio

In business since 1966, Patio Enclosures, Inc. is the nation's largest manufacturer & installer of sunroom related products. Our excellent Dun & Bradstreet rating is proof positive of the stability and integrity that Patio Enclosures, Inc. represents in today's market.

**C.S.P., the Commercial Division of Patio Enclosures, Inc.** specifically engineers, manufactures and installs a variety of sunroom related products for numerous commercial applications. **Our products are utilized for restaurants, fitness centers, classrooms, reception areas, cafeterias, entryways, smoking rooms, conference rooms, break rooms, retail space, walkways and multi-housing to name a few.** Our products have the design flexibility to meet the exacting specifications and finishes of your project. A variety of high-performance glazing further enhances your design flexibility.

The Commercial Division Of Patio Enclosures, Inc.

Being a custom manufacturer means no limitation to just "stock" sizes, but rather an unlimited array of shapes and sizes. Also, several other roof styles are available, including our patented Comfort-Gard® roof glass panel, which is an integral part of our aluminum clad roof system while adding volumes of natural light to the space.

**We manufacture, temper and insulate** our own glass systems along with our own roof panels. Our insulated glass is IGCC certified, CBA and HIGS rated.

**Whether your need is for new space or part of a plan to renovate existing space, CSP will provide you the best product and service to accomplish your plans.**

**C.S.P.** has successfully installed glazed structures throughout North America. Our team offers the experience required in meeting the changing requirements of our industry.

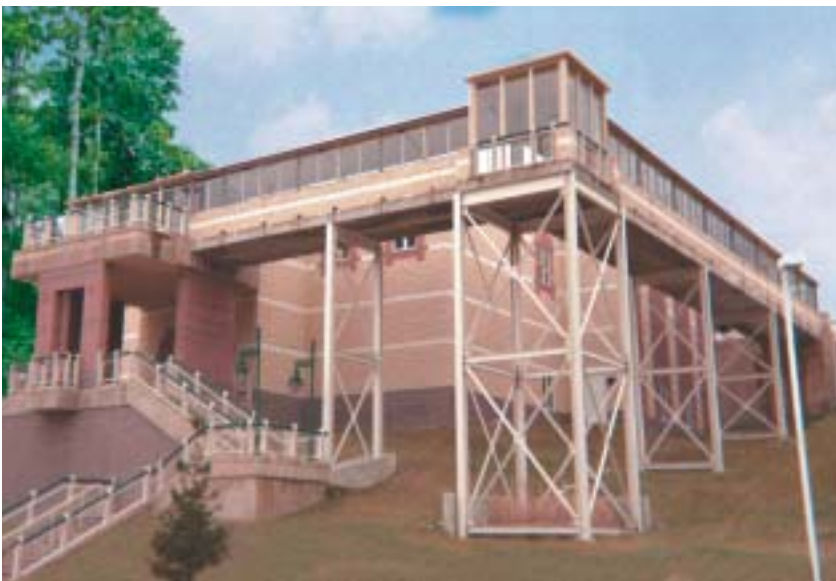

**Our continuous growth** is reflected in our investment in our dedicated team members, quality of materials and precision manufacturing... including in-house licensed engineers, code officials and project managers. A full line of blinds & shades are offered to complement the new space.

**CSP is a recognized leader** in the engineering, manufacturing and installation of sunroom products. Our project managers assure your project is completed on time and within budget. C.S.P. brings about ideas for value engineering, leading to cost effective alternatives.

**CSP has over 40 locations in North America.** Each location is staffed with installation and service personnel. Installations are completed by employees who only install glazed structures. This affords us unique advantages and provides our customers unprecedented pride in workmanship, products and services.

**Save time and money with our Integral Screen Railing System!**

Stonebridge At Montgomery - Assisted Living • New Jersey

**Our Patented Integral Screen Railing System** is specifically engineered to be the cost effective way to enclose multi-story balconies. As the first of its kind, this product affords the installation of screened balconies that incorporate an aluminum picket safety railing fabricated into the structural framework, eliminating the need for multiple contractors for this work, thereby increasing profits.
